68565	Requests have a reactivation button available but there are reasons the requests can't be reactivated such as there is an existing request for the same duty station or when the request was cancelled more than 30 days ago. System is providing an error, but not showing in the UI.	Program	MCC	Reactivation	Make a new request if cancelled more than 30 days ago.
68570	When accepting an offer for MCCYN where the child has more than one MCCYN request a standard cancellation notification is sent. The notification being sent is a standard cancellation notification and is formatted for a standard MCC request rather than a fee assistance request.	Family	MCCYN	Notification	None
68761	Assigned To Me' count on Manage MCCYN Dashboard not always matching the number of registration records actually assigned.	Program	MCCYN	Manage MCCYN	None
68762	The household registration start dates are not in sync with the children registration dates. When custom dates are applied during the activation from In Process - Submitted to Active, the registration dates should trickle down to the child level. The child registration dates also should not be outside of the boundaries of the household registration period.	Program	MCCYN	MCCYN Registration	MCC system team can run script to update the child registration start date
