

Program Release Notes 07 March 2020

On 07 March 2020, MilitaryChildCare.com (MCC) was upgraded to include various enhancements. The enhancements are summarized in the table below.

Enhancement Area	Details
Make Offer Age Range	The custom age range on the Describe Space screen now returns children up to, but not through, the month selected as the end of the range on the Make Offer Screen. For example, selecting 12-18 months will return any children who are up to, but are not yet, 18 months old (i.e., through 17 months and 30/31 days).
Search for Care	Text informs families that by indicating they will provide transportation for a School Year Care request, it means that they are responsible for transporting their child to and from the SAC program and school. Additional details about this enhancement are included in a subsequent section of this document.
Notifications	The Summer Camp Offer Notification now only includes the weeks included in the current offer. Any weeks that were previously offered to the child are not included in the notification.
